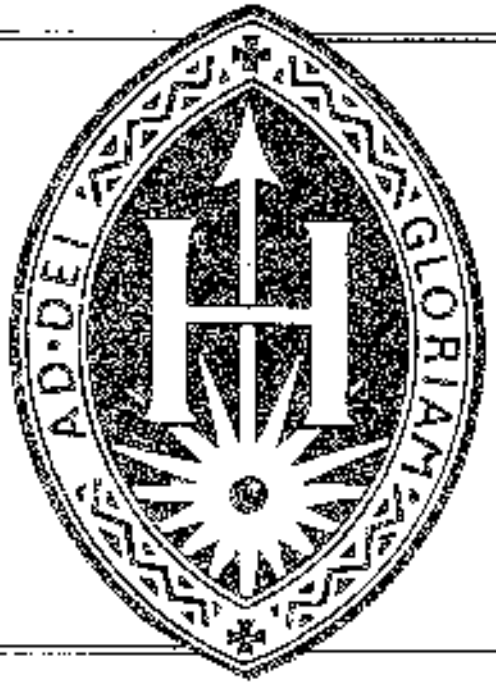
OLD HERSCHELIANS ASSOCIATION



1995 NEWSLETTER

I am grateful to have this opportunity to renew contact with you through the Old Herschelian newsletter. Last year was a momentous year in the history of both South Africa, with the installation of President Nelson Mandela, and Herschel, with the dedication of our new chapel and the opening of the sports centre.

The splendid sports centre was opened by Professor Tim Noakes, father of Old Herschelian, Candice, in September. The facilities are already being put to good use, these include a gym circuit room, two glass-backed squash courts and provision for tennis, basketball, netball, volleyball, badminton, indoor hockey and gymnastics.

Upgrading of the science laboratories will be completed very shortly. No further major developments are envisaged for the near future. However, in order to stay on the forefront of education there is a constant need to improve educational opportunities and this challenge will certainly be met. Present Herschelians can now communicate with the world through e mail.

Of the 81 candidates who wrote the Cape Senior Certificate in 1994 eleven attained "1" level aggregates (formerly A's) and 41 attained "2" level aggregates. (There are now four pass levels, 1—4, instead of five aggregates, A—E)

Rumours of my retirement at the end of 1995 are just that — rumours! I hope to have the opportunity to serve Herschel for several years yet for I still love the challenge of working with teenagers. The rewards come with their successes and achievements together with ongoing contacts with Old Herschelians, thank you for your visits, letters and cards, you are all very precious members of the wider Herschel Family

— *Mrs Pamela Duff, Headmistress.*

RETIREMENTS

There must be thousands of Old Herschelians who have been taught by Miss Cynthia Sweet, even if they didn't play the piano or sing in the choir. There was always class music where we were taught musical appreciation, and we have all enjoyed the beautiful music every year at the Carol Service and Founders Day. Miss Sweet came to Herschel in 1953 and is retiring at the end of this year. Her contribution to music at Herschel is immeasurable; she has always been part of the school, however much everything else changed, Miss Sweet didn't! She will be greatly missed not only as an excellent teacher but as a warm, compassionate and understanding friend to her many pupils. We wish her well in her retirement.

Another member of staff who is retiring, is Mrs Bernice Louw, better known as "Mevrou". She will be leaving at the end of this term having arrived at Herschel in 1976. She has a wonderful record of excellent results, which is not surprising from such a dedicated teacher. She has taught many pupils a love and respect for the Afrikaans language that will remain with them for ever. We will miss her a great deal and wish her a happy retirement.

This will be held at St. Saviour's on TUESDAY 28th NOVEMBER at 8 p.m.

THE NEW SCHOOL CHAPEL

The new school chapel was originally built in 1940 as a library, thanks to the generosity of Mr Duncan Baxter, son-in-law of the school's founder, John William Jagger. As the Duncan Baxter Library it holds special memories for Old Herschelians who recall the wonderful atmosphere of the room and the joy of discovering the excitement of the written word. With the increase in both the number of library books and the number of pupils the library was outgrown and as a result the splendid Baxter Resource Centre was completed in 1992. An enthusiastic committee, headed by Countess Sylvia Labia, embarked on an intensive appeal to raise funds to refurbish the old library as the new chapel, and the completion was celebrated with a glorious flower festival, musical soirée and a family eucharist in September. The guest of honour was Mrs Jean Lawrence (Searle), the first pupil to get her matric at the school in 1926. Jean subscribed to the Chapel Appeal in her name and in the memory of her parents who were active members of the first school council formed in 1921. The chapel was consecrated by Bishop Merwyn Castle in December. The first old Herschelian to marry in the chapel was Bridget Chapman who married Mark Sleon on January 7th.

There will be a family eucharist in the chapel every term. This term it will be celebrated on 12 March at 9.30 a.m. Old Herschelians are very welcome to attend and see for yourselves how beautifully the magnificent library has been trans-

formed into a chapel. There will also be a musical event held each term in the chapel; on Tuesday 21 March a harp trio will perform at 6.0 p.m. If you would like to attend please contact Paddy Allen at school (☎ 64-4010).

The Old Herschelians Association contributed towards an impressive wrought iron archway at the entrance to the chapel. However, donations are always very welcome and old Herschelians might like to "buy a brick" in the back wall of the chapel for R100, with a plaque indicating your name. This would provide a permanent reminder of your time at Herschel.

ANNUAL LUNCHEON

A most enjoyable function was held at the Josephine Mill in Newlands on Tuesday 10th November. There was a record turn out and we unfortunately had to turn people away as the venue could only accommodate a limited number. At the last minute we had to move the lunch indoors, instead of being outside on the patio, as there had been a heavy shower of rain that morning. This made for rather cramped conditions but it did not stop us from enjoying ourselves! We were served a light luncheon, followed by brandy snaps and coffee on the patio. We were very fortunate to have as our guest speaker Mrs Joan Huskisson, Head of the Nutrition and Dietetics Unit in the Department of Medicine at UCT. She gave a most interesting and informative talk, entitled 'Food for Thought', covering a variety of topics from the importance of nutrition in the RDP to food additives. There was so much interest in the topic we could have stayed all afternoon having our many questions answered! All in all it was a most successful function.

Please remember, if you want to attend the luncheon this year you *must* contact Di Burns. (See Dates to Diarise above.)

OLD HERSCHELIAN CHRISTMAS CRAFT MARKET

Last year the OHA committee decided to hold a Craft Fair to raise money for the bursary fund for the daughters of Old Herschelians. Old Herschelians and the extended Herschel Family were again approached and an enthusiastic group of crafters arrived on the morning of Friday 14th October to display their wares in the Atrium. Attractive pottery, smocked Christmas decorations, unusual stationery and a host of exciting ideas for Christmas presents were on sale. There was a steady stream of customers who also enjoyed a glass of wine and snacks while they browsed. There were lots of beautiful things for sale and there was a lovely atmosphere, enhanced by evocative music provided by Rosemary Lapping-Sellars.

Sadly it was not as well attended as the Art Exhibition held the previous year. However, every contribution helps and we look forward to making our next fund-raising venture even more successful. We were able to add the sum of R2 500 to the Bursary Fund.

REUNIONS

1954 Reunion

Prompted by a visit to Cape Town by Betty Cassati (RUDLAND) from Dar es Salaam in March, a 40-year reunion was easily arranged. It took the form of a visit to the school for drinks and a tour of the buildings. We were all very impressed by the magnificent facilities available to the girls and particularly enjoyed browsing through the material in the Archives. We were delighted to have three members of staff with us, namely Mrs Betty Davenport (Miss Matthews), Mrs Myrtle Lister (Miss Herbert) and Miss Harsant. We were disappointed that Miss Sweet was not able to join us. We went to the Waterfront for dinner where we talked, laughed and reminisced for many hours.

When our head girl, Revel Moorhead (REILLY) said she would be in Cape Town in December we all agreed to meet again (we obviously enjoy each other's company!). We met for lunch at 12.30 and adjourned at 4 p.m.! We think we should meet annually now!

Those who were able to attend one or both of the reunions were Gill de Kock (DOWNING), Wendy Holmes (HARTFORD), Val Lewis (HUGHES), Grace Smith (GARVIN), Anita Glenny (LOCKWOOD), Vicky Paterson (LANGHAM CARTER), Revel Moorhead (REILLY), Betty Cassati (RUDLAND) and Di Burns (DICEY).

1973 Reunion

A most successful reunion was organised by Jenny Siegers (DOUGLAS), Sally Brown (BRIMBLE) and Gino Kohler (THOM) in February. We renewed contact with 97% of the class, but a few of our year seemed to have disappeared completely!

We decided that Founders Day was an appropriate date as this would combine a social activity with our reunion. Some of the class attended the service at St Saviours and more joined us for a lovely lunch at the school. A brief tour of the magnificent additions to the school concluded that part of the day. Jenny Siegers invited us all to her home for tea, together with our children, who couldn't believe that we could talk so much! All in all we had a really wonderful day together and look forward to the next reunion.

— Report by Sally Brown

1979 Reunion

The class of 1979 met for the first time in 15 years on 26 November 1994 for a picnic at Buitenverwachting, organised by Louise Munnar (GRAY) and Camilla Todd (BROOME).

The venue was beautiful and pleasantly informal. Louise and Camilla managed to contact almost the whole class and twenty-six class members from the Cape Town area were able to attend. Many overseas members sent greetings and news. Despite initial apprehension, those of us who were able to attend thoroughly enjoyed meeting each other again and it was interesting to see what everyone is doing with their lives.

OBITUARIES

Madge FISHER (nee Brown)

Madge met her husband, Don, when his ship called at Cape Town in 1943, during the war. He returned to South Africa from the Far East in 1946 and they were married a month later. During their marriage Don's business activities saw them living in Johannesburg, Cape Town, Port Elizabeth, Queenstown and Durban, finally returning to Ramsgate on the Natal South Coast in 1985. Throughout her life Madge was extremely active, serving on committees as secretary and chairlady to several golf and bowls clubs, and she worked as a secretary to various businesses as well. At the time of her death in November 1994 she was secretary of the Ramsgate Men's Bowling Club, having been Chairlady of the Ladies section for five years. Madge was well-loved and actively involved in helping others. She leaves her husband, three children and five grandchildren.

Stewart QABAKA

Stewart was a very loyal employee of Hessequa for thirty-three years and much loved and respected by all who knew him. He was truly 'in charge' in the kitchen and dining-room, always courteous and helpful, he was a real gentleman at all times. His death signifies the end of an old era in the boarding house and he will

be sadly missed by all Old Herschelians who have happy memories of this splendid man.

FLETCHER (1963) (Mrs Harkess) Cathy writes from Hong Kong: We have been in the Far East since December 1993. My husband works for a Danish company, Maersk Shipping, as a shipbroker. Our first post was Singapore, where we spent five months. We were sad to leave. There is virtually no crime there, it is a disciplined, clean country and the economy is booming. I was not working and found plenty to do, namely, cookery classes (Thai, Chinese, Malay and Indian), touring all the places of importance and interest, riding for the disabled and attending various courses. The food is excellent and we would often eat at food centres, which were clean and inexpensive. At weekends we sometimes went to Malaysia to snorkel on some of the beautiful islands, where the marine life and clarity of the water are incredible. Now we are in Hong Kong which is quite overwhelming, the population is over 6 million and the litter is disgusting. Accommodation is the most expensive in the world. I find Hong Kong more beautiful than Singapore, there are over 200 islands to explore, and I have yet to visit the New Territories. The shops are amazing, one can find everything here, real and fake, and I have never seen so many designer clothes shops! The food is not as appealing as in in Singapore, we have duck tongue, snake soup, chicken feet, etc! The climate in both cities is hot and humid, though Hong Kong does have seasons and the temperature in winter drops to 10°C. We also have typhoons here, July to November, whereas in Singapore the climate is the same all the year round.
